

product description

Modell: Play Grip II K – reach the next level

The combination of **perfect balance** with **optimal dimensions and weight distribution** as well as a **new ball/tama-grip lacquer** guarantee **constant success** and **progress** in the Kendama game. The new lacquer is **sticky enough** to land balance tricks much easier, but at the same time it's slippery enough to allow **compensation and adjustments** with landing tricks. Additionally the **new split designs** helps with the ball tracking and **enforces your game play**.

No matter if you want to go to for more difficult balance tricks, or if ambitious players want to **reach the next skill level** - the PLAY GRIP II K will be the right choice.

Play Grip II K features:

- 3 piece traditional assembly
- New developed Grip paint formula
- Optimized Ken shape
- Multicolored string design
- Split design for advanced ball tracking
- Made of premium beechwood
